The CPGB-ML is Britain's only truly revolutionary communist party. Our press is completely independent and our analysis is consistently anti-imperialist. We need your help in order to continue our work. Unlike nearly all other 'left' parties, we operate and run our own presses, which has required great sacrifices from comrades in the past, but which gives us the ability to be cheap, flexible and fully independent. As VI Lenin pointed out: "Bourgeois newspapers are maintained by large sums of capital. Workers' newspapers are maintained by funds collected by the workers themselves."
